

Team Involvement in Demonstration

A Comprehensive Measure of Well-Being | HDI Predictor

Team Members & Roles

- Chakali Venumadhav (Team Lead) — Overall demo coordination and architecture explanation
- Uday Ramnath Reddy Kandhula — ML model and Flask backend demonstration
- Uday Ramanath Reddy Kandhula — React frontend and live app walkthrough
- Shaik Mohammed Arif — UI/UX design explanation
- P. Tanuj — Testing results and documentation walkthrough

Demonstration Responsibilities

- Opening (2 min): Chakali presents problem statement and solution overview
- Live Demo (5 min): Uday RR walks through the live application
- Technical Deep-dive (3 min): Uday RN explains the UNDP formula implementation
- Q&A; (5 min): All members answer evaluator questions

Preparation

- All members reviewed the codebase
- Each member can explain their assigned epic
- Mock demo rehearsed twice before final presentation
